## Free with Order Promos Dicontinuation:

First off, apologies for the delay in releasing this month's issue! A series of technical malfunctions prevented us from getting it out sooner, which brings us to our promo program...

Unfortunately both our main printing computer and attached printer have given up the ghost. While we were able to recover our data, including the templates for this periodical, our printer is now unable to print in color and can only handle shipping labels as a result. Therefore we will be discontinuing the monthly printed Expeditions Gazette and Promo Cards until we can afford to replace the equipment – sorry!
